## FRED STEWART

Court of Appeals Affirms the Big Case From McCracken.

GIVES ESTATE \$15,000

John G. Miller Was Attorney For the Plaintiff, Who Is Now Dead—Lost Both Legs.

THE WHOLE COURT SAT IN THE CASE

The noted case of Fred Stewart against the Illinois Central railroad was finally settled this morning in the court of appeals at Frankfort by the court affirming the judgment of the lower court, which was for \$15,000. The case went up from McCracken after two trials.

Stewart was a switchman in the yards here, and one morning about three years ago in throwing a switch, his toe was crushed. He attempted to continue work, and near Broadway finally fell from the engine in a faint, and the wheels cut off both legs.

He sued for damages and was at the first trial awarded \$10,000. A new trial was granted and the second verdict was for \$15,000. The railroad attorneys moved for a new trial, but the motion was overruled and an appeal taken.

Stewart went to Springfield, Mo., to reside, and there a year or two ago died from smallpox. The case had been in the court of appeals for over a year, and the decision of the court will place about \$15,000 in Stewart's estate, the administrator of which is Mr. Felix Rudolph.

Mrs. Stewart resides in Springfield, Mo., and was notified by telegraph of the decision. The decision of the court today increases the original judgment of \$10,000 to over \$15,000 on account of the interest added, and the payment of costs.

Attorney John G. Miller was the attorney in the case.

Three other cases were affirmed by the court of appeals today. One was that of Seibert and others against L. Bloomfield, administrator of the estate of the late Mrs. Margaret Grief. Miss Mary B. E. Grief and others had several personal claims against the estate, amounting to one thousand dollars or more, and the lower court gave a judgment for the amounts and ordered promptly sold to satisfy them. The court of appeals now affirms the lower court.

The case of H. Well & Sons against Sturgis, on account for a small amount of about \$60, won by the defendant in the lower court was affirmed.

The case of Rice against Rice's administrator was also affirmed. This was on an insurance policy payable to the deceased's estate. A woman he had been living with claimed a share and the lower court decided against her, ordering the money paid to the estate, and the appellate court affirmed.

### WAS BORN DEAD.

The child born to Marie Owen, of West Court street, at the city hospital night before last was born dead and did not die from want of attention as published in some of the papers. The child was badly decomposed when born. Dr. Pendley was with the mother at the birth of the infant and Dr. Lillard Sanders arrived in time to take charge of the case before it had been completed.

Read the article on the editorial page of interest to the children.

## CLOSE SATURDAY.

NO BIDS FOR CUSTOM HOUSE IMPROVEMENTS AFTER SATURDAY.

The bids for improvements at the government building recently authorized by the treasury department will be opened Saturday. They are for a wall on the North side of the building, a driveway, and improvements on the buildings.

Bids for furnishing coal for next year will again be called and the contract probably let. The other bids were all rejected by the department.

## THE ELKS.

TOMORROW NIGHT THE BUILDING PROPOSITION TO BE CONSIDERED.

Tomorrow night at the regular meeting of the Elks the purchase of a home will probably be considered. There is some opposition to buying in the business part of town, and many are not in favor of buying at all just now, deeming it wise to wait awhile. Nothing has been done towards purchasing the Leech building, and it is likely the action authorizing it, will be reconsidered at tomorrow's meeting. A large attendance is probable.

Says the Louisville Times of yesterday: There is a strong sentiment among Kentucky Elks to establish a state headquarters at the Milwaukee reunion. It is very likely that this will be done. In point of numbers Louisville lodge will be but poorly represented at the Milwaukee reunion. So far only two members have stated they would go. Members of the Louisville lodge of Elks are strongly opposed to a national Elks' home. The sentiment here is that each lodge should take care of its dependents and that a national home would become an eyesore.

### GIVEN THE LOWEST FINE.

W. J. Cotham, the man who was charged with obstructing a public highway at Clark's river by mooring a raft at the road, was tried before Justice Barber yesterday afternoon and fined \$5 and costs, the lowest penalty.

We ask our young readers to read the article addressed to them in the editorial columns today.

## ABOUT THE CITY

The Council Will Elect a Milk and Meat Inspector Monday.

ARE NO APPLICANTS YET

The Sewerage System Reported to Be Working Well—City Improving Its Drainage in Several Places.

DOG LICENSES COMING IN SLOWLY

The milk and meat inspector to be elected under the ordinance passed Monday by the council will be elected at the regular meeting next Monday night. Thus far there are no applicants for the place but the candidates will probably begin to show up before Monday.

Sewerage Inspector George A. Gardner states that the cleaning of the sewers, just completed, shows that the system is in excellent condition. The only places that had become any ways foul were where few connections have been made and there was not enough water to float away the sewage. The Harrison street line, which had been in use since 1897, needed no cleaning at all. The report of the inspector shows that the sewerage system is a great success.

The collection of city taxes averages \$600 a day, and the total collection since June 1 is about \$6,000.

There have been 258 dog licenses issued since May 1 but the number usually runs to between 500 and 600 every year. It is probable that warrants will have to be issued before the delinquents can be made to pay.

Sewerage permits issued this month promise to be in excess of those last month. There have thus far been ten plumbing and two yard sewer permits issued by Inspector Gardner.

Mayor Lang is building an addition to his house and yesterday's rain came at a most inopportune time. It blew the tarpaulin off the roof and washed all the new plastering off, as well as otherwise damaging the rooms.

Street Inspector Utterback has two gravel gangs at work patching the streets. One is at work on South Third and one on North Sixth. The city is now getting its gravel at the Gibson pit in the county.

The work of changing the drainage of the alley adjoining Rehkopf's color factory, on Court street, is in progress. The alley back of Wallenstein's has already been completed.

The business houses on South Third street between Broadway and Court streets, will not be required to connect with the sewerage, as ordered to do a few days ago by the health authorities and sewerage inspector. It was subsequently learned that the buildings drain back and in order to free the gutter of the stagnant water Street Inspector Utterback is laying drain pipes and filling the gutters with gravel. The pipes drain into the storm water sewers at Third and Broadway. One side of the street has been completed and the other will be finished by tomorrow.

The hospital committee has not yet finished its investigation of the city physician affair, and will some time this afternoon hear more evidence. Its report will be made to the council at the regular meeting Monday night.

The public improvement committee of the council met yesterday afternoon late and opened bids for the work of extending Central fire station in order to make room for the new

aerial ladder and truck. They found from the bids that some of the contractors had figured on one thing and some on another and for this reason rejected all bids and will have specifications drawn for the work and call for other bids.

The Thompson laundry has been ordered by Sewerage Inspector Gardner and Health Officer to connect with the sewerage. For some time past water from the laundry has run over the sidewalk into the gutter from the alley on Court, near Rehkopf's.

Construction Engineer L. A. Washington, of the Illinois Central, is in the city to begin the work of repairing First street where the railroad tracks pass. The council ordered this done at a meeting a week or two ago. Work will begin as soon as the material arrives.

## POLICE COURT.

NEIGHBORHOOD ROW AND ONE PLAIN DRUNK FOR ADJUDICATION.

There were but three cases in the police court this morning. Bill Brownland, colored, was fined \$1 and costs for a plain drunk. There were two cases, one against Mrs. Lizzie Kates and one against Mrs. Lillie Bass, charged with using insulting language towards one another. It seemed to have been a family disturbance and the court dismissed the warrants and recognized them in the sum of \$100 for their good behavior.

## THE WEATHER.

DEATH IN THE CITY HOSPITAL. Mrs. Emeline Floyd, aged 72, died last night in the city hospital from general debility after a several weeks' illness. She was born in West Tennessee, and the remains will be buried in the Hough graveyard.

## RAILROAD NEWS.

The annual Convention of Train Dispatchers of America is now in session at San Francisco. Dispatcher J. B. Alvey, of the city, is a delegate.

A Nashville dispatch says: Colonel Jere Baxter, president, W. B. Doldridge, vice president and general manager, F. M. Bisbee, chief engineer, and J. E. Rodes will go to Clarksville tomorrow, to take preliminary survey of the route of the Tennessee Central. A corps of men will be on the road next week, locating the route permanently, and it is announced that work will begin as soon as possible after necessary arrangements are completed. Col. Baxter said today that no pains or labor will be spared to get the connections made and trains running at the earliest possible time.

The gross earnings of thirty-eight roads for the fourth week in May were \$9,559,810, against \$9,985,559 for the fourth week in May, 1900, an increase of \$865,751. Thirty roads show increases and eight decreases. Since January 1 the roads referred to above earned \$143,625,497, an increase of \$11,223,360 over the \$132,402,137 reported for the corresponding period of 1900. For the longer period thirty show increases and eight decreases. For the month of May forty-three roads earned \$26,693,689, an increase of \$4,759,842 over the \$21,933,847 reported for the month of May, 1900.

Supervisor W. C. Waggener, of the Illinois Central, was in the city last night.

Trainmaster J. J. Flynn, of the Memphis division, is in the city.

Mr. H. C. Warden, the well known I. C. machinist, has resigned and will probably go out west. He is a prominent union man and was sent as a delegate to the I. C. conference at Chicago when the pay rate for the machinists was fixed. His many friends here will be sorry to learn of his departure.

Several sections of the I. C. shop yard fence on the Huntington row side was blown down in yesterday's blow. The fencing will be replaced immediately. Several fences out in the country also suffered from the blow.

Miss Mayne Townsend went to Hopkinsville at noon today to meet Miss B. Anderson and from there they will go to Dawson for a sojourn of a few weeks.

Miss Anna Webb and her guest, Miss Beare, of New York, are spending this week at "The Pines," with Mrs. Robert Becker Phillips.

Ira D. Beckard, Duncombe, Ia., writes: "My little or scalded his leg from the knee to the ankle. I used BANNER SALVE immediately and in three weeks' time it was almost entirely healed. I want to recommend it to every family and advise them to keep Banner Salve on hand, as it is a sure remedy for scalds or any sores." J. C. Gilbert.

## GRAVE CHARGES

A Warrant Issued This Morning Against Several Persons of Mechanicsburg.

BERTHA BEASLEY'S STORY

Thirteen-Year-Old Girl Claims She Was Taken to Livingston Point and Badly Mistreated.

POLICE ON THE CASE ALL MORNING

Mrs. Ellaine Beasley, who lives on a shanty boat near the mouth of Island Creek, called at police headquarters this morning with her thirteen-year-old daughter, Edith May, and wanted warrants for a crowd of whom she claims induced her daughter to go to a "play party," and kept her all night and a day up about Livingston Point.

According to the story told there was a most revolting plot to get the girl away for immoral purposes. Night before last two strange women called at the boat and asked that the girl be allowed to attend a "play party" they were giving a number of girls about her age on Tennessee street. She would be brought back before the cars stopped running they said. The girl was permitted to go, the mother, who seems to be a simple kind of woman, feeling no hesitancy. Nothing was said about any men being in the party.

After walking a mile or more, according to the girl's story, they came to a skiff. There were all told, including the two women and girl, four women and four men. The girl here objected to going any farther and claims the men then drew pistols and forced her to go.

They all went up to Livingston's Point, and to a lake in that vicinity where the party prepared to have a good time. They remained all night and all day yesterday, the girl claiming that she could not induce them to bring her back home. They returned about 7 o'clock last night.

Believing that she had not told all, Prosecuting Attorney Campbell and Judge Sanders this morning questioned the girl closely, and she finally said that she had been criminally assaulted by one of the men while the other men and the women held her. She begged the women to help her, she declared, but they refused, and at least one of the men outraged her.

Marshall Collins, County Attorney Graves and Prosecuting Attorney Campbell were at work on the case all the morning.

Dr. B. B. Griffith was called to make an examination of the girl, and the result confirmed her claim to a certain extent.

Warrants were issued against John Bulger, Frank Eich and wife, Minnie Gaynor and will be against the others who were in the party when their names are learned for rape, conspiracy to rape, and detaining a woman.

Officers Harlan and Clark arrested John Gaynor, John Bulger and Frank Eich this afternoon, and they were committed to jail to await a hearing tomorrow. The others have not been arrested, but officers are after them.

W. A. Cox, a farmer of the Maxon Mills section, brought his nine-year-old son, Roy Cox, to the city this morning and had Captain Joe Fowler's famous mad stone applied to a wound in his right ankle. The little fellow was bitten by a supposed mad dog Monday afternoon and an ugly wound inflicted on his right ankle. The mad stone was applied early this morning and stuck to the wound.

## OWNER FOUND.

The \$630 found in a stocking yesterday afternoon by a boy and turned over to Marshal Collins proved to be the property of Mr. G. H. Christy. Mrs. Christy had gone to the city to make a few purchases and deposit the money, and finding that the banks were closed when she started home, made no effort to deposit it. She lost it on her way back, and did not miss it until Mr. Christy saw the item in the paper about the money being found and hastened home, finding that it was his own. The boy who found it was Oscar Poulson, who was given a \$20 bill as a reward.

### A DAILY THOUGHT.

And to spend as much time as you can with body and with spirit in God's out-of-doors—these are little guide posts on the footpath to peace.

### OF INTEREST TO THE CHILDREN

Next Tuesday The Sun will add a feature that should prove of great interest to its children readers. It is this: To the child under sixteen years of age, writing the best story, of five hundred words or under, we will give a prize. The theme can be anything the writer may choose. The prizes will be awarded in this way: The stories will be published, in installments, some every Tuesday, and every other Tuesday the prizes will be awarded for the best story that appeared in the past two weeks. The children themselves are to be the judges. We ask them to read every story and send in their votes as to which one, in their judgment, is the best. The author whose story receives the largest number of votes will receive the prize. We will not announce just yet what the prizes will be but assure our young friends that they will be worth striving for.

If any of our young folks have entertained the idea that they are born novelists or writers now is the chance for them to practice their art. Send in your stories and they will be published some next Tuesday and some the following week. We feel sure that this feature will please the children and we assure them that it will undoubtedly prove beneficial to all of them.

Since the powers have begun leaving China the rebels are becoming active again and threaten the extermination of several provinces. It begins to look as if nothing short of benevolent assimilation will satisfy the Celestials after all.

A Chicago judge has rendered a significant opinion in a case where eight girls sued a company for being blacklisted, deciding in favor of the defendants. He said: "The defendants agreed not to employ those who went out on a strike, this they had a right to do. According to the allegations of the girls' declaration, the purpose for making this agreement was bad, because by such agreement the plaintiff can not get employment for her trade, and is thus injured. This gives her no right of action, for a bad motive does not make a lawful deed actionable."

"She exercised her undoubted right by agreement and combination with her fellow employees to strike and leave the service of one of the defendants. She and her co-workers may have done this for the purpose of breaking up the business of said mining company, and such might have been the result; yet the defendant could not have recovered damages from the plaintiff therefor."

"The consequence of a refusal to employ any man may be deleterious to him; so the consequence of being so worked for another may be deleterious to him; but the

fact that one refuses to employ another because he wishes to see him come to want does not give a cause of action."

### WHAT MR. LEECH SAID.

Mr. Thomas Leech desires a correction of the item that appeared in the Sun several days ago stating that he would refuse to sell his building on North Fourth street to the Elks lodge for their proposed home. He states that the article was published without an interview with him or his consent, and that when Mrs. Leech returns from her visit in Canada his intention now is to have the papers drawn up and the property sold. The amount offered by the organization is \$18,000 and is considered satisfactory by both sides.—Register.

Mr. Leech said exactly what The Sun stated he said. He said to a reporter that his wife said before she left Paducah that she would not sign the deed and that while she would sign it if he insisted, he did not intend to insist. Mr. Leech told others the same thing, one of whom was Mr. Charles Weille, of the Elks.

None of the city officials need be alarmed. They are all right as long as the whitewash lasts.

President Kruger will not visit America this year. The people are now anxiously awaiting some word from Aginald.

The story that Wilhelmus went to Berlin to get the consent of Emperor William to stop the war in South Africa smacks of those stories characteristic of the fishing season. It is hardly understood how the Kaiser's consent has anything to do with it. It is claimed that The Hague conference cannot settle the dispute, and that if the South African war is ended it will be ended by Great Britain in whatever way she deigns to select.

Col. W. C. P. Breckinridge, the ex-Democratic congressman, is out in a letter telling what he thinks may be the issues four years hence. He says:

"The American people will never consent to such legislation concerning the currency as will put into a statute the views of Mr. Bryan. It is equally true that the American people will not approve of the territorial policy advocated by Mr. Bryan."

"For the next few years the currency issue and the expansion issue tendered by the Democratic party and accepted by the Republican party have been settled."

Further along in the letter he says: "We are therefore, confronted with this actual state of facts. It is impossible to win without such a nominee and platform as will secure the support of those Democrats who refused to vote for Mr. Bryan in 1896 and 1900 and it is also impossible to win without the cordial support of the regular Democratic party."

"It has occurred to me that the issue in 1904 might be our relations with our new possessions. That these will be retained is now certain. That the principles promulgated by the supreme court in the late opinions will be accepted by the people is certain."

After outlining the questions involved Col. Breckinridge says: "To adopt this policy does not require that any Democrat should retract any assurance heretofore made, or apologize for any course heretofore pursued."

In other words, nothing in his opinion, can be an issue that the Democrats disagreed on. In short, the Democrats, if they fulfill the predictions of Col. Breckinridge, can have no platform at all. About everything the goldbugs and free silverites have not already disagreed on the Republicans have adopted long ago.

### SWIMMING POOL.

Y. M. C. A. DIRECTORS FAVOR ONE IF MONEY CAN BE RAISED.

The board of directors of the Y. M. C. A. met last night and discussed the swimming pool proposed by Secretary Escott some time ago. It was decided to have the pool constructed if the necessary money could be raised by subscription. The members of the association who hold \$5 tickets will be requested to subscribe an additional \$5 if they desire to take advantage of the pool if built. Those holding \$3 will be taxed an additional \$3 also. In this way the necessary funds will be raised without trouble it is thought. Limit will be placed on the number of persons using the pool and the remainder will be put on the waiting list and will be given the preference. The pool will be constructed on the same plan as the pools in other cities. It will be 20x40 and from 8 to 10 feet deep. The other conveniences such as rings, springboards and the other athletic arrangements will be placed in, and one of the best pools in the state will be constructed.

### OFFICERS NOMINATED.

The Caulkers' union met and nominated officers last night. The following is the list of the officers elected: Perry Bryant, president, no opposition; Tobe Murray and George Garvey, vice presidents; Barney C. The election and installation will take place the first meeting in July.

Mayor Lang, president of the Paducah Gun club, today received a letter from the Louisville Gun club declining the challenge of the Paducah club for a match shoot to be held here at some convenient time.

The challenge of the Paducah Gun club was sent several days ago, and the reason Louisville declines is that many of her members are professional men and cannot get away from business.

VERY LITTLE DAMAGE. There was quite a blow yesterday afternoon late in this section. The report that there was a water spout near Water Valley was a mistake. ## Observations ....at Random

A certain young man prides him-  
self on his general knowledge. He  
met a friend one night last week who  
met a friend who was a little green.  
His friend had asked him to explain  
the workings of the local fire alarm  
boxes and he consented, saying that it  
would be a pleasure if he could be of  
any service to him.  
"You take the key from the box,"  
the young man began, "and place it  
in the key hole, then unlock the box  
and pull the door open. You next  
pull this little lever down and the  
alarm is sent in. If one alarm is not  
considered sufficient you can pull it  
down any number of times, but you  
must always wait for the alarm to  
finish striking before you send in an-  
other. After you have finished send-  
ing in alarms you then shut and lock  
the door," but when he attempted to  
extract the key it would not be  
extracted. He pulled and tugged in  
vain and finally Chief Woods who  
came around with his little key and  
unlocked the key from the alarm box.  
Who was the "green man" in the  
case?

A young man went down the road  
several nights ago to see his best girl.  
She lives outside of town and he had  
engaged a buggy in which he intended  
to drive to her residence from the  
depot. He arrived but first went to  
the dispensary of good cheer to sum-  
mon up more courage. He fell in  
with a crowd of boys and after the  
treats had gone around several times  
the crowd retired to the rear of the  
place and engaged in a little friendly  
game of cards.  
When the Paducah boy left town it  
was on the "bumper" of a freight  
train. He had been skinned out of  
every cent he had, besides missing the  
date with his girl and disappointing  
the lively man who could have rented  
the vehicle to others without the least  
trouble.

A well known gentleman of Paducah  
some time ago owned a fine bird  
dog that got so bad it had to be sent  
out to a rural friend for training and  
safe keeping. The children about the  
house had ruined him by the over-  
abundance of petting and nursing.  
About eight months after the dog had  
been sent away its owner concluded  
that it had been trained enough by  
that time and one Sunday started out  
to bring him home, being anxious to  
make the other sports green with envy  
by showing him the way. He ex-  
perienced no trouble whatever in find-  
ing the place but all the family had  
gone to church. Knocking on the  
front door he awaited a reply and  
when no one answered he became im-  
patient and started for the back door,  
thinking that they were probably in  
the rear of the house. The gentleman  
got no further than half around before  
he heard a hasty retreat. A big dog  
was on his scent and was making a  
sprinter out of him. Before the gate

was reached the dog had overtaken  
him and was making a rag out of his  
trousers. He escaped with his life,  
however and was glad to get off that  
light.  
He found that the dog was his own  
property, and that instead of training  
him for the field the farmer had made  
a fine watch dog out of him, and the  
owner himself could testify as to its  
faithfulness. The dog is still with  
the farmer and stands the very best  
chances of staying there.

We ask our young readers to read  
the article addressed to them in the  
editorial column today.  
DEATH SENTENCE COMMUTED.  
Little Rock, June 12.—Gov. Davis  
tonight commuted the death sentence  
of J. C. Butler of Benton county to  
life imprisonment. Butler was con-  
victed and sentenced to be hanged  
for the murder of his daughter Miss  
Ossie Butler, May 12, 1899. The evi-  
dence was circumstantial. Miss Julia  
Butler, another daughter of the ac-  
cused, appeared before the governor  
today and made a plea that her fat-  
her's life be spared. The case is one  
of the most noted in Arkansas criminal  
annals.

QUICK RELIEF FOR ASTHMA.  
Miss Maudie Dickens, of Parsons,  
Kans., writes: "I suffered eight  
years with asthma in its worst form.  
I had several attacks during the last  
year and was not expected to live  
through them. I began using FO-  
LEY'S HONEY AND TAR and it has  
never failed to give immediate re-  
lief."

HANGED FOR LARCENY.  
Pine Bluff, Ark., June 12.—A  
young white man named McLeod, in-  
carcerated in the jail at Hamburg,  
Ashley county, was mysteriously  
murdered several nights ago by un-  
known parties. McLeod was charged  
with larceny and had previously  
served a term in the penitentiary.  
The affair occurred several nights  
ago but information regarding it has  
just been brought to the city, citizens  
of Ashley county having endeavored  
to keep the affair a secret.

## EXPECTANT MOTHERHOOD

Mcdonald, Ga., July 18, 1900.  
I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was com-  
pelled to stay in bed for days at a time but this time I have taken Wine of Cardui and Theodor's Black-Draught and my husband  
have been able to do all my household work without any trouble. I am expecting every day to be confined. My husband  
thinks Wine of Cardui is the best medicine in the world. He takes a dose of Theodor's Black-Draught every night and  
gives some to the children. He has not lost a day from work this year. He tells his friends about your wonderful  
medicines and I tell my lady friends to use your Wine of Cardui.  
Mrs. GEORGIA LEE.

There are thousands of women who shrink in terror at the thought of the baby's  
coming. But childbirth is one of the workings of Nature and it was not intended to  
imply torture and agony to the heroic mothers of the race. The woman who suffers  
torture during pregnancy and at childbirth has usually, by some indiscretion, injured  
the organs which make her a woman. Neglect of menstrual irregularities leads to  
ovarian pains, falling of the womb and leucorrhoea, and the period of pregnancy is  
necessarily distressing under these conditions.

## WINE OF CARDUI

will regulate the menstrual function perfectly and eventually make the generative organs strong and  
healthy. Pregnancy and childbirth have no terrors for the woman who takes this pure Wine. A strong  
healthy womb will bring its precious burden to maturity with little or no pain. A healthy woman need  
not fear for childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female  
diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any  
mother much pain and suffering. All druggists sell \$1.00 bottles.

Millions Made by Planting Trees.

Any one who takes a vital interest in the welfare of his grandchildren can enjoy their being rich by planting trees on treeless land, which land he can leave to them in his will. Some big British fortunes have been provided for in this manner. A predecessor of the present Duke of Athol had a lot of land, but it was not especially valuable—in fact, he was "land poor."

He determined that his descendants should fare better and so began planting trees. In the course of his lifetime he planted 14,065,719 larch trees along, covering an area of 10,324 acres. His last plantation covered 7,800 acres, which in the ordinary way becomes a forest of mature timber 70 years after planting. Thinned down to about 350 trees an acre, each tree will contain at least 50 cubic feet of timber, which, at 25 cents a foot, gives a sum of \$4,375 an acre, a total for the value of the timber on the last plantation alone of \$34,500,000.

The whole initial outlay for this plantation, which has so increased the wealth of the ancient house of Athol, is said to have been only about \$15,000 for the seedling trees and the cost of the labor of planting them. The maintenance of the wood was paid for out of the profits arising from the sale of young wood when thinning the plantations.

Abel Lincoln.

Of all the great men I have known Lincoln is the one who has left upon me the impression of a sterling son of God. Straightforward, unflinching, not loving the word he had to do, but facing it with a bold and true heart; mild whenever he had a chance, stern as iron when the public weal required it, following a bee line to the goal which duty set before him. I can still feel the grip of his massive hand and the searching look of his kindly eye. I remember that when Lord Lyons, who was a bachelor, went to communicate the news of the marriage of the Prince of Wales to him officially he took the queen's letter in his hand and said, "Well, Lord Lyons, all I can say is, 'Go and do thou likewise.'"—Sir Edward Malet's "Shifting Scenes."

The City of Memphis is due today from St. Louis for Tennessee river.

Laxakola, the great tonic laxative, is not only the most efficient of family remedies, but the most economical, because it cures a host of ailments. It builds the little ones up instead of debilitating them. It reaches every organ, cleanses and strengthens the liver and kidneys, purifies the blood and makes them healthy and strong.
